## VANCOUVER CITY BY-LAWS.

## BY-LAW 175.

*A By-law to license, regulate plumbers, and to provide for the appointment of Plumbing Inspectors, and to provide for the plumbing, sewerage, and drainage of buildings.*

WHEREAS it is desirable and necessary to license and regulate plumbers in the City of Vancouver, and to provide for the appointment of Plumbing Inspector, and to provide for the effective plumbing, sewerage, and drainage of buildings,

Therefore the Council of the Corporation of the City of Vancouver, B.C., enact as follows:

1. The Council shall from time to time as occasion may require appoint such Inspector or Inspectors for plumbing, hereinafter called Plumbing Inspector, as may be found necessary; but no person shall be eligible for such appointment who shall not have passed a satisfactory examination for proficiency in both practice and theory of plumbing and drainage before the Board of Examiners, as hereinafter provided.

2. Such Inspector or Inspectors shall be under the supervision of the Board of Health, and shall be paid such salary as the Council may determine.

3. A Board of Plumbing Examiners is hereby constituted to consist of the City Engineer for the time being, who shall be Chairman of the Board, one practical master plumber, and one practical journeyman plumber, to be appointed by the City Council; the last two shall hold office for one year after their appointment, and shall be paid a fee of \$4 each for each session of the Board; and the Board shall be called together by the Plumbing Inspector, who shall be Secretary of the Board, at such times as the Chairman may find necessary.

4. In case any dispute arises under this by-law as to whether any person or persons employed by any licensed master plumber is a regularly educated practical and experienced plumber, as in this by-law is provided, the Plumbing Inspector may notify the said workman to appear and be examined before such Board of Examiners, whose decision as to the competency of such workman shall be final and conclusive.

5. The said Board of Examiners shall examine and may grant certificates of competency to any plumber who may apply for that purpose, and such certificate shall be recorded in the office of the Plumbing Inspector, the person receiving the same paying a fee of \$1 therefor, and such plumber shall be a registered plumber of the city: Provided that the Chairman of the Board may grant, on being satisfied with the competency of any journeyman plumber applying for the same, a temporary permit to such plumber for a period not exceeding thirty days, which permit shall confer on such plumber the same privileges for that period only as if he held a certificate from the Board of Examiners.

6. Upon and immediately after the passage of this by-law, and in every ensuing year on or before the first day of January, any persons desiring to carry on business or trade as a master plumber within the City of Vancouver shall take out a license, for which license he shall pay at the time of the issuing thereof a sum of \$25, except as hereinafter provided, and any person may take out a license under the provisions of this by-law on behalf of a partnership firm or company of which he may be a member.

7. No person shall receive such license unless he is of a full age of twenty-one years, and has a place of business within the City of Vancouver, and unless he has first obtained a certificate of competency from the Board of Examiners, and furnishes a bond binding himself to the amount of \$500, with at least two sureties in the sum of \$250 each, to the satisfaction of the Inspector of Licenses, and that he will employ only registered plumbers who have received and hold a certificate of competency from the Board of Examiners to do all such plumbing work as he may engage to do, and (whether he is a practical plumber himself or not) will not permit or allow any such work to be done by or for himself, or in connection with his business, except by such registered plumbers, and that he will not violate any of the terms and conditions, rules and regulations contained in this by-law and in any other by-laws in force from time to time in the City of Vancouver respecting plumbing, drainage, sanitary matters and the water works.

8. Every person desiring such license shall file with the Inspector of Licenses a petition in writing of the

same, giving the name of the applicant, and, in case of a partnership, the name of each member thereof, together with the place of business, and asking to become a licensed master plumber, and said petition shall be accompanied by the bond and fee hereinbefore mentioned.

9. Any change of the firm or location of the business shall be promptly reported to the Inspector of Licenses, and the license shall be kept in a conspicuous place at the location of the business.

10. When any member of a partnership or company is licensed individually for the partnership or company the license may be issued in the name of the firm, co-partnership, or company, the said license setting out the names of the members of the firm, co-partnership, or directors of the company, and the date the license was granted, and no license so granted shall be transferable, and in such case only one license fee shall be payable by such firm, co-partnership, or company.

11. All licensed master plumbers shall be held responsible for all acts of their employees in connection with the business for which such license is issued.

12. Every such license, unless it is expressed to be granted for a shorter period, and unless the same shall become sooner forfeited as hereinafter provided, shall be for the year current at the time of the passing thereof, and shall expire on the 31st day of December next succeeding the date of the same, and for any license issued between the first day of January and the 31st day of December in any year, the amount to be payable for the same shall be equal to the charge for the full year: Provided that in that case if the license is renewed in the succeeding year there shall be deducted from the \$25 fee then payable \$2 for each month the licensee did not hold a license during the preceding year.

13. Upon satisfactory evidence furnished to the Inspector of Licenses that any master plumber has been twice convicted by the Police Magistrate, or any Justice of the Peace, of any violation of the provisions of this by-law, or any of the by-laws respecting plumbing, drainage, sanitary matters, or water works, his license shall be *ipso facto* forfeited and returned to the Inspector.

14. Any master plumber whose license may become forfeited shall not again be entitled to a license until the said declaration of forfeiture shall be revoked by the Board of Examiners, and if such master plumber is carrying on his business in co-partnership or, as a member of a company, the co-partnership or company shall not carry on the business of plumbing from the date of such cancellation.

15. Before proceeding to construct, re-construct, or alter any portion of the drainage or ventilation of a hotel, tenement, warehouse, wash-house, dwelling-house, or other buildings the owner or his agent constructing the same shall file in the office of the Plumbing Inspector an application for a permit therefor, and such application shall be accompanied with a specification or abstract thereof in a blank form prescribed and supplied for this purpose, stating the nature and the work to be done, and giving the size, kinds, and weights of all pipes, traps, and fittings, together with a description of all closets and other fixtures, and a plan with the street and street number marked thereon, and showing the drainage system underground; all plans must be legibly drawn in ink on heavy white paper, or on tracing linen, and must be drawn on a scale of eight feet to an inch.

16. A permit shall be granted or refused within two days from the time of filing of the application, and the permit of the Plumbing Inspector (if granted) shall be valid for six months from the date of issue.

17. If the Plumbing Inspector shall find that the said plans and specifications do not conform with the rules and requirements laid down in respect to plumbing and draining in the by-laws of the City of Vancouver, he shall not issue any permit for such plumbing and drainage, and it shall be unlawful to proceed therewith.

18. After a plan or specification has once been approved no alteration or deviation from the same will be allowed, except on a written application of the owner, or the agent of the owner, to the Plumbing Inspector.

19. From and after the passing of this by-law every owner, or agent for an owner, of any building doing, or causing to be done, any plumbing in such building shall, on the same being passed by the Plumbing Inspector, obtain a certificate from the Inspector that such plumbing has been done to the satisfaction of the Inspector, and on being requested so to do shall

deliver such certificate to any person proposing to purchase or occupy such building.

25. In sound ground, provided it is outside the building, hard salt-glazed vitrified pipe may be used. Each length shall be wetted before being laid, a gasket then surrounding the spigot being forced down to the bottom of the socket and the remaining annular space completely filled with cement mortar, made in the proportion of two of good clean sharp sand to one of the best Portland cement and finished with a wiped joint. The different lengths must be laid in perfect line on the bottom and sides.
